## Greatest Federal Fight Ever Staged Promised Victoria

Record Voting List and Visit of Leaders of Parties Stir Interest In Dominion Election Campaign; Armories Secured For Visit of Premier Mackenzie King To City On July 7. All Candidates Named In British Columbia.

With a strenuous campaign already under way on the mainland, with candidates of all parties in action and intimation from Liberal and Conservative parties that Victoria will see one of the liveliest campaigns on record, interest in Victoria is rapidly mounting in anticipation of an enthusiastic battle for success at the polls when the votes cast in the federal election are counted on July 28.

### KING SPEAKS AT ARMORIES

Officials of the Liberal party to-day announced that the Armories had been secured for Premier Mackenzie King's visit to be held here July 7. The largest hall that could be secured will not be too large to accommodate the crowd that will attend it is believed but the broadcast that has been arranged will carry the Liberal leader's speech to those who are unable to attend the meeting.

Satisfaction was expressed over the announcement that Hon. Charles Dunning, Minister of Finance, will follow the Premier to British Columbia to take part in the campaign and although he is extremely busy with duties at the central headquarters of the party at Ottawa local Liberals are hoping that he will find time to speak in Victoria while he is out here. A pressing invitation has been extended to him by W. H. Kinsman, president of the Victoria Liberal Association.

### PERSONAL INTEREST STIRRED

Predictions were made to-day that the contest which will soon be in full swing in Victoria will carry a greater appeal to every voter than any ever held. The personal interest of every citizen has been stirred by the canvass of every home by representatives to-day and every person eligible for a place on the voters' list and the issues of the contest have also a far reaching appeal. Stuart Henderson, as the Liberal candidate, comes back to the political field as a former gladiator who, although not prominently in the party limelight in recent years, has always been a keen worker and is remembered by those familiar with his record in the province. ## ARRESTS ARE MADE AFTER BANK CLOSES

Brotherhood of Railroad Clerks' Institution at Cincinnati Ceases Business

Discharged Vice-president and Former Cashier Are to Face Court

Cincinnati, June 26.—Lynian E. Morris, discharged vice-president, and Harry Rosenblum, former cashier, were arrested late today on federal warrants issued by United States District Attorney Havel A. Mau, who charged them with conspiracy in connection with the closing of the Brotherhood of Railroad Clerks' National Bank here. DOORS DID NOT OPEN

Cincinnati, June 26.—The Brotherhood of Railroad Clerks' National Bank here failed to open for business to-day. William Taylor, Cleveland, federal bank examiner, recently completed an audit of the Brotherhood Bank and on last Monday two changes were made in the official personnel of the bank shortly after directors had said the institution was in sound condition.

Closing of the Brotherhood Bank came sixteen days after another Cincinnati bank, the Cosmopolitan Bank and Trust Company, was forced to close on account of the \$1,000,000 speculation of A. W. Shaffer, former district manager of the bank, who had been found a most effective method.

## EARL OF RADNOR DIES IN LONDON

London, June 26.—The Earl of Radnor died today. He was sixty-two years of age. Jacob Pleydell-Bouverie, Sixth Earl of Radnor, was a member of parliament during the decade from 1890 to 1900. He served in the South African War and was stationed in India, with the rank of Brigadier-General, during the Great War. In 1918 he was transferred and appointed director of agricultural production, British Expeditionary Force. He leaves five sons and five daughters. Viscount Folkestone succeeds to the title.

## FLYING BOATS FOR FISHERIES

Will Commence Patrol Duties in British Columbia This Week

Flying boats will commence patrol duties in British Columbia fisheries this week-end, it is announced by the Dominion Department of Fisheries. Machines from the Western Canada Airways Limited, which has a contract for 400 flying hours, will leave Vancouver in time to arrive in northern waters for the weekly close season to-morrow.

It is the intention this year to extend the patrols to cover the fishing areas in the lower part of the Province, and ultimately to cover all fishing areas. The seaplane patrol, after a few years of experience, has been found a most effective method.

## Great Meeting at Kentville Yesterday Evening Concluded His Election Tour of Nova Scotia

Kentville, N.S., June 26.—His campaign in Nova Scotia concluded, Premier King left here to-day for St. John, N.B., where this evening he will make the last speech of his tour in the Maritime Provinces. Through the beautiful Annapolis Valley—the land of Evangeline—Mr. King came to Kentville for his farewell meeting in Nova Scotia yesterday evening. It proved to be a monster gathering, one of the largest the Prime Minister had addressed so far during his campaign, and his reception was most enthusiastic. Mr. King reviewed the record of the Liberal Government, indicated what he had done to make the Maritime Provinces, declared the province of Nova Scotia could have old sea pensions and that the Federal Government would contribute dollar for dollar if the Rhodes Government would pass the necessary legislation, and finally emphasized the importance of developing the British market for Canadian products. He asserted Great Britain was watching to see what Canada would do with the budget, and he expressed the opinion that Canada's effort to assist Britain by enlarging the British preference should result in a real response from Great Britain at the Imperial Economic Conference. ## KERSHAW GOT CASH ADVANCE FROM SISTER

Mrs. Smalley Tells Assize Jury That She Loaned Brother \$300 on May 8

Mrs. Marian Kershaw Swears Accused Home Nightly When in City

Mrs. Marian Kershaw and Mrs. Kittle Smalley, wife and sister respectively of John Kershaw, were the first two witnesses called for the defence this morning by M. B. Jackson, K.C., when the trial of Kershaw for theft from the Sisters of St. Ann was resumed before Mr. Justice Gregory and an assize jury. A. M. Johnson, K.C., conducted the case for the crown.

Mrs. Kershaw swore that her husband had never been absent from home for five consecutive nights and days during April, as was asserted by Rila Vaughan, prosecution witness, and Mrs. Smalley swore that she had personally given her brother \$300 on the evening of May 8, in order that he could seek work in the United States. She denied a suggestion by the Crown that she had been given \$300 by Kershaw on the afternoon of May 9, immediately after the alleged theft of the bank deposit had taken place.

The prosecution rested its case after Staff Sgt. A. McBrayne of the Criminal Investigation Department of the Provincial Police, had stated that the point where Kershaw was alleged to have met Miss Vaughan was not visible from St. Joseph's Hospital. After defence counsel had indicated that the alleged on Humboldt Street was in view of St. Ann's Convent the court visited Humboldt Street, where Miss Vaughan pointed out the alcove where she asserted the accused took the bank deposit. Russell Sneddon also pointed out the place on Belleville Street where he overtook Kershaw at noon on May 9.

## PRAIRIE FIRE RUINS BLOCK WORTH \$90,000

Pontiac, Sask., June 26.—Early this morning the Pontiac Hotel block, owned by R. E. Gauthier, was destroyed by fire with a total loss of \$90,000, partly covered by insurance. Included in the loss were the hotel and general hardware and butcher stores. No guests at the hotel were injured, but a number were almost asphyxiated by smoke, and the fire caused considerable damage to the surrounding buildings. It is believed the fire was caused by a gas leak from a spontaneous combustion in the coal.

## THREE DROWN WHEN STORM LASHES ERIE

Widespread Damage in Buffalo as Lightning Storm and Gale Hits City

Buffalo, June 26.—Three men were drowned, two horses were struck by lightning and widespread damage was caused throughout Buffalo to-day during a storm which swept down on the city in the teeth of a sixty-mile wind. Caught in the grip of the sudden storm, a tiny fishing boat raced in vain for the harbor breakwater near Lackawanna. Lifted high by the raging swells of the gale-lashed Lake Erie, the little vessel was hurled against the wall and capsized. Its three occupants drowned. One body was recovered but had not been identified.

Seven Injured at Ellore, Madras Presidency; Girl Jailed in Bengal

London, June 26.—A Bombay dispatch to The London Daily Herald to-day said that police at Ellore, Madras Presidency, fired into a crowd of Indian Nationalists here, wounding seven persons. The Daily Herald said the first woman Nationalist had been imprisoned in Bengal. A girl of sixteen years old, has been sentenced to six months on conviction of publishing a booklet described as designed to undermine loyalty for the police. Perushottamdas Tandon, "the dictator" of the civil disobedience campaign in the United Provinces, Shiva Prigupta, treasurer of the Nationalist All-India Congress Committee, and Narendra Deva, secretary of the Provincial Congress Committee, each were sentenced to three months' rigorous imprisonment. At Kanah Acharya Gidwani, local education officer, and Lalni Mehrotra, a business man, were sentenced to a year's imprisonment for inciting a breach of the peace.

## Sir Robert Borden Has Birthday

Ottawa, June 26.—Canada's wartime Prime Minister, Sir Robert L. Borden, to-day celebrated his seventy-sixth birthday in good health. Kindly thoughts of persons in various parts of the Dominion were given expression in messages sent to Sir Robert's residence here.

It is ten years since Sir Robert, for considerations of health, resigned the premiership and also the leadership of the Conservative Party. Sir Robert was born in the "Evangelical Country" in 1854 in the historic village of Grand Pré, Nova Scotia.

## JAPAN PRINCE IS SPEAKER AT ROTARY EVENT

Prince Tokugawa Heard at International Convention at Chicago

Chicago, June 26.—Prince Iyeyasu Tokugawa, head of the family which ruled Japan from 1603 to 1867 as Shoguns, addressed the silver anniversary convention of Rotary here to-day on "national aspirations" and their effect upon international relations. Prince Tokugawa was appointed president of the Japanese House of Peers in 1900 and presided over the upper branch of the Japanese Parliament ever since. He was educated both at home and abroad. He was senior member of the Japanese delegation at the Washington Disarmament Conference in 1921. Immediately after his address Prince Tokugawa prepared to leave for Ottawa to visit his son, the Japanese Minister to Canada, and also Lord Willingdon, Governor-General of Canada.

In July he is to attend the Inter-parliamentary Conference at London and following that the International Red Cross Conference at Brussels. Prince Tokugawa is head of the Japanese Red Cross, and many other Japanese civic organizations of Japan. In honor of his visit, the "Black Horse" troop, a locally famous cavalry unit, was turned out for the first time as guard of honor.

## MANSLAUGHTER CHARGE FILED WHEN BOY DIES

Winston Barnett, Victim of Bicycle-car Crash Yesterday, Succumbs to Injuries

I. F. Smith Remanded With \$10,000 Bail in Oak Bay Court; Inquest To-morrow

Charged with manslaughter, Ira F. Smith, driver of the British Columbia Electric Railway Company Limited motor collector's car which yesterday collided with the bicycle ridden by Winston Barnett, fifteen, and resulted in the latter's death in the Jubilee Hospital at 1.35 o'clock this morning, was granted a remand until Wednesday, July 2, in the Oak Bay Police Court this morning.

Bail was set at \$10,000 with two securities, H. G. S. Heisterkamp, solicitor, representing the company, appeared for the accused and requested the remand. An inquest on the boy will be held to-morrow at the B.C. Funeral Parlour at 10 o'clock.

According to the police report, the accident occurred at 2.30 o'clock yesterday afternoon. Smith was driving south on Foul Bay Road. At the intersection of Granite Street, Barnett turned to go north along Foul Bay Road. A few feet from the blind corner the police report states he collided with the car, hitting the left front fender. The force of the impact threw the boy against the windshield of the car. He struck the glass with his head and sustained fatal injuries. The morning car, the report says, carried the lad a few feet before he was thrown to the ground. (Concluded on Page 17)

## China Forces Battling on Honan Front

Shanghai, June 26.—A pitched battle between Nationalists and rebel Northern Alliance armies, which may be the decisive engagement of the present Chinese civil war, was reported in progress to-day along the Hsichow-Tungkuang railway in Honan Province.

Reports from foreign circles in the war zone said Chiang Kai-shek, Nationalist President, hoped to capture Kaifeng, rebel capital of Honan. This force was believed to constitute the major portion of the Nationalists' military power.

The outcome is expected to indicate whether the Nationalists have the power to crush the Northern Alliance. Gen. Chiang apparently believes that if Kaifeng falls to the Nationalists, the rebel capital of Honan will be crushed.

## Red Leader in Winnipeg Is Before Court

Winnipeg, June 26.—James Beattie, broad-shouldered leader of Winnipeg's communist unemployed, was free to-day after being remanded one week on a charge of unlawful assembly. The six-foot jobless chief, who tossed aside a trio of policemen yesterday as he led an attack on the City Hall, was out on \$4,000 bail, arranged yesterday evening.

Deposit of \$2,000 and two sureties of \$1,000 each were demanded before Beattie was given his freedom. He had been held in custody several hours after he had marshaled some 500 unemployed for a futile march to the private office of Mayor Ralph Webb, who had refused an audience. Police battalions dispersed the mob, but a score of constables were hurt for a few minutes, untangling Beattie and the other ringleaders.

## Parliament's Millennial Celebrated by Iceland

Thingvellir, Iceland, June 26.—Christian, King of Iceland and of Denmark, to-day opened the 1930 session of the Icelandic Althing at the very spot where 1,000 years ago this oldest parliament in the world first was convened.

King Christian stood upon a huge rock in the middle of the plain. Thingvellir, where grim Goutbeard, the Law-giver, in ancient days recited from memory the entire code of Icelandic law.

The ceremonies to-day were simple as of old—so simple as to obtain an almost religious aspect.

## THOUSANDS ATTEND

The broad plain, bounded on the south by a great lake, on the north by rugged snow-capped mountains and on the east and west by two great fissures of volcanic formation cut before the dawn of history, was dotted with many thousands of people who had come from far corners of the earth. Included in the vast throng of visitors were many Canadians, whose birth or ancestry was Icelandic. They watched with keen pleasure the unfolding of the impressive millenary jubilee celebration.

## PREMIER KING TO-NIGHT TO SPEAK IN ST. JOHN

(Continued From Page 1)

## TO SPEAK IN SHERBROOKE

From St. John, Mr. King will go to Sherbrooke, Que., to address a meeting there. He will then go on to Ottawa for a few hours before leaving for the west.

## TRADE EXPANSION

The meeting here yesterday evening took place in the heart of the apple-

growing country of Nova Scotia in the constituency of Hants-Kings. Great quantities of apples are shipped from this district to Great Britain. Mr. King pointed to the importance of promoting empire trade.

Canada was a great trading country, the Prime Minister said. In support of the statement he presented figures which he just had received from Ottawa. These showed Canada fifth in imports and fifth in total trade in the year 1929, the latest year for which complete figures were available. The countries leading Canada in total trade were the United States, Great Britain, Germany and France.

The British market was all-important, the Prime Minister told his listeners, and he criticized remarks which he said had been made by Right Hon. R. B. Bennett, Conservative leader, with respect to the use which should be made of tariffs to secure trade. Mr. Bennett, the Prime Minister said, demanded "preference for preference." What did he propose to do with a country which was opposed to tariffs? It was not the part of Canada to demand Great Britain introduce a tariff in order that it might give Canada a preference. Canada had no right to suggest such a thing, Mr. King asserted.

## OLD AGE PENSIONS

"Let Mr. Bennett be above board," said the Prime Minister in discussing the question of old age pensions. The Conservative leader, he continued, was claiming that if returned to power, he (Mr. Bennett) would bring in a Federal old age pension scheme. Mr. Bennett knew very well, Mr. King asserted, that the law officers of the crown had ruled that such an act would be unconstitutional. There would have to be an amendment of the constitution of Canada before Federal old age pension law could be effective, and Mr. Bennett knew it.

"If there is one class of people we should not deceive or raise vain hopes in the hearts of it is those people who have reached the age of seventy years or thereabout," continued the Premier.

He told his listeners that if they wanted old age pensions they should tell Premier Rhodes to bring in a provincial law. Then the Dominion would, within three months, pay dollar for dollar of the cost.

## CONDITIONS IMPROVING

## Working for 1c an hour!

Sounds ridiculous! Yet the woman who does her cleaning and sweeping by old-fashioned methods values her time at 1c an hour—the cost of operating a modern Electric Vacuum Cleaner.

And not only that but an Electric Cleaner will do more and better work in half the time with half the effort than can be done by hand or by any other method.

Surely any woman's time is worth more than 1c an hour!

## TAX REDUCTIONS

The record of the Liberal Government, in finance as well as in other respects, occupied the attention of Mr. King. He spoke of the income tax reduction, decreases in the sale tax, the disappearance of which he predicted if the government was returned to power, abolition of the nuisance taxes and decreases in postage.

"If you will add together what has been remitted to the people of Canada in taxes during the past five years, you will find it comes to something like \$11,000,000," Mr. King said.

"If there has been one desire of the government another, it has been to remove all grievances that have grown up between the provinces and the Dominion, to bring about unity and prosperity. Without unity you can never have prosperity," said the Premier, who went on to deal with the return of the natural resources to the western provinces, which he regarded as a substantial achievement of the

present government. He expressed the opinion that relations between the provinces and the Dominion were happier than any previous time since Confederation.

## RALSTON SPEAKS

The Prime Minister was preceded by Hon. J. L. Ralston, Minister of National

Defence, who aroused amusement when, after reading some of the campaign pledges of Mr. Bennett, Conservative leader, he asked his audience: "Did you ever read a patent medicine advertisement? There is everything in it," Mr. Bennett, he said, was going to build the Hudson Bay Railway, which was already built, and was promising

aid to the ports of the Atlantic and Pacific, which had already been given by the Liberal Government. J. L. Ralston, former member for Kent-Kings and Liberal candidate in the constituency, made a brief speech in which he referred to the distinguished records of the Prime Minister and Col. Ralston.

## HAVING A DIFFICULT TIME

IT MUST BE DIFFICULT FOR THE Ottawa Journal to be happy politically these days. In one editorial recently it tells its readers that Mr. Dunning is a traitor to Free Trade and that it will watch with interest what Regina will do to him. Then in the very next editorial it comes out flat-footedly with the declaration that "the west is deserting the old fetish of Free Trade." So there you are.

The trouble with Conservative newspapers and speakers seems to be that they want to eat their cake and keep it as well. The average Canadian voter obviously must be puzzled to know what they mean. With one breath, for instance, Mr. Bennett discounts the benefits the Dunning budget will confer on the British producer, and in the next he tells us that this country is giving altogether too much advantage to the Old Country manufacturer, that the lower duties British goods will have to pay to enter Canada will work to the detriment of our own manufacturers.

All the opposition seems to be depending upon is the old familiar cry of blue ruin. But it is woefully out of date. Mr. Bennett, with his words figuratively saturated with tears, is painting a very doleful picture. Dr. Manion, one of his eastern lieutenants, is comparing unemployment conditions in Great Britain with the absence of such a problem in France. He notes that there are something like 1,750,000 idle in the Motherland, while all are working in the republic just across the Channel. His inference, of course, is that in a highly-protected country like France economic problems such as unemployment are unknown.

This twaddle fools nobody. As The Toronto Star observes:

The Conservative campaigners do not realize that the greatness of Britain during the last century was founded on free trade, which suited her because of her unique position in the world, nor that her present problems are due not so much to the short-comings of her fiscal policy as to the financial strain she imposed on herself in her determination to save France and the rest of the world from the domination of the German war lords. Britain obtained billions of dollars of reparation money for France, whose industrial possessions suffered most during the war, and the vast sums of money that went into France from Germany to rebuild shattered cities and give employment to armies of workmen contributed greatly to the recent prosperity of France. Britain, on the other hand, has been struggling to pay back the money she borrowed from America to finance the allied cause and trying to act the part of an indulgent creditor towards France, all of which has burdened British industry and British trade.

If Dr. Manion's reasoning is anywhere near the truth it follows that the United States, with the highest protective tariff in the world, must have all her factories working to capacity at the present time. On the contrary, a larger percentage of her industrial workers are unemployed to-day than the percentage of unemployed in either Britain or Canada.

Let us consider the latest statistics as they relate to the percentages of unemployed industrial workers in the three countries to which Dr. Manion refers. We find:

Canada—8 per cent unemployed.  
Britain—14 per cent unemployed.  
United States—21 per cent unemployed.

It should be mentioned also that in Germany, perhaps the most highly-protected country of Europe, with a population of something like 67,000,000 highly efficient people, there are no fewer than 3,000,000 idle. In the light of these facts, therefore, we see the Conservative party's arguments fall down.

## ROUSING THE FOURTH ESTATE

THE MURDER IN CHICAGO OF A newspaperman has stirred public opinion in that city more than any gang killing within the last few years. And on this subject it is interesting to note the comments of Mr. Bruce Catton, an internationally-known journalist, who attaches particular significance to this outrage and its relation to the newspaperman's status in the public realm. He says in part:

Newspaper reporters are not, ordinarily, especially honored members of the community. They are not up on any pedestal. No one gives their calling the veneration that goes to such people as doctors or clergymen.

But when a newspaperman, in pursuit of his duty, follows the news trail into a place where his temerity costs his life, there seems to be something in the situation that jars public opinion clear down to the bottom.

Perhaps it is because the reporter or the editor is, in a sense, a representative of all the people. He is the eye and ear for the man in the street. The ordinary citizen depends on the newspaperman's integrity, his daring, his zeal, for his knowledge about what is going on in the world.

When Lingle, for instance, pursued his inquiries in the dark places of Chicago—those deep abysses where death is an ever-present threat, where all the structure of order and decency that society has painfully reared is held in contempt—he was there as the representative of all of us.

However that may be, organized crime invariably puts its foot into it when it elects to put one of these newspapermen out of the way.

The underworld of Canton, O., might give the Chicagoans a tip. Canton had a wide-open underworld a few years ago. It also had a courageous newspaper editor named Don Miller, who swung his searchlight on this underworld. Canton failed to get excited about it—until Miller paid for his daring with his life. Then Canton boiled over with indignation. It landed on its underworld like a thousand bricks. The underworld, with its leaders imprisoned, has never been the same since.

Chicago has been extraordinarily patient with its gangs. For many years they have held open house in the nation's second city, and the city has seemed willing to tolerate them rather than rouse itself to the point of putting them down. But now it is possible that things will be different.

Newspapermen will not admit that the murder of a member of the Fourth Estate should be considered new justification for the more rigid enforcement of the law than if an errand boy, or the performer of the most menial tasks, had been sent to eternity. But they will welcome the determination to avenge the death of a member of the craft.

## BACK-SEAT DRIVERS

THIS CAR IS DRIVEN FROM THE left-hand side of the front seat." On the windshield of some motor cars, whose owners resent any advice from the back seat, this gentle reminder is neatly pasted so that it is visible to all the occupants of the vehicle.

But we are told that the back-seat driver has come into his own at last, despite the implied and audible rebuke of the man at the wheel. It appears that the Georgia court of appeals has thrown out a woman's appeal for damages in an automobile accident because she, riding in the family "bus" which her husband was driving, did not warn him of the approach of another car.

Are we to assume from this that back-seat driving has been endowed with the dignity of a right and duty, that not only must the driver in the front keep his eyes on the road, but that his passengers must do the same?

If Georgia has interpreted such a system as the law, it will strike most motorists as a case of common sense abdicating in favor of a foolish conception of how to avoid accidents. Even those who do not drive cars will agree that any competent motorist is able to watch the hazards of traffic without help. Advice from the back seat surely is more likely to fluster him than assist him.

## MR. BENNETT, PLEASE NOTE!

SOMETIMES WHEN A BUSINESS OR- ganization suffers from over-production it calls on the government for relief. Sometimes, however, it tightens its belt and sets out to help itself.

A writer in the current issue of World's Work tells how the California fruit growers recently found themselves with more fruit than they could market profitably. Instead of howling about bad times, they promptly sent trade scouts to South America to develop better export markets. The scouts were enthusiastically received. It developed that since the seasons are reversed, California's fruit crop comes on the market just when the South American crop is off.

Now a trade conference is scheduled for August, with every indication that the Californians, by their energetic and intelligent handling of the situation, will find a good way to solve the problems with which they are confronted. Here is a lesson to be noted by some of our Canadian producers.

## THE JAPANESE WOMAN EMERGES

IN CANADA, WHERE WOMAN SUFF- rage is accepted as a matter of course, it appears strange that such formidable obstacles face this reform in a country as modern in most ways as Japan. This demand for the enfranchisement of Japanese women is one of the most interesting in all the shifting currents, which are sweeping the Orient to-day. Despite the forces of reaction pitted against it, the movement is making inevitable headway. The Japanese woman is emerging, just as the Turkish woman has emerged, and her growing status of equality with man is a change so profound that on this side of the world, where woman long has been man's equal partner, we can hardly appreciate how deep an effect it will have on the life of these two nations.

Not long ago the Japanese House of Representatives passed a bill granting the municipal franchise to women over twenty-five years of age. This bill, however, was held up by the House of Peers, which remains loyal to the old tradition of male superiority and domination. Still, students of Japanese affairs say that the mere introduction of the bill in the House of Representatives was a remarkable step, and its passage is regarded as showing that woman suffrage appeals to a very large body of men. In the end, it is predicted women will vote not only in municipal elections but in all polls where men are entitled to vote.

Japan will probably find, as the western world has found, that woman suffrage will neither plunge politics into the confusion which its opponents predict, nor bring about the political millennium which its advocates sometimes promise. It probably will find, as we have done, that woman is not radical or extreme with her vote, but casts it pretty consistently on the side of decent government, whatever political party she may follow.

## WHAT OTHER PAPERS SAY

## PREVENTABLE ILLNESS

The Manitoba Free Press

The loss to Canada through unnecessary sickness is greater than the total value of the production of the mines of the Dominion. It is many times greater than the value of the products from sea and inland fisheries. It is equal to the amount of money left in Canada every year by the tourists, which is now recognized as an important feature of the economic life of the country. While everything is being done to stimulate production along all lines and to increase the prosperity of the country, here, in preventable sickness, is a constant leak of \$300,000,000 a year, and it will increase with the population of the country unless effective steps are taken to reduce it.

## RIGHT ON HIS TOES

The Detroit News

A Mr. Dick Barstow, of Boston, holds a record of walking four and one-half miles on his toes. A very desirable type of tenant, we should say, for an upper flat.

## BUSINESS REVOLTS

The New York Times

"American business has stood about all that it can stand, and it is almost better that tariff agitation be ended than that it be ended right."—Senator Reed of Pennsylvania. There are limits to the endurance of business. It can put up with political ignorance and stupidity. But when political malice, the excesses of the demagogue, the extremes of social inordinance, reach a certain point, business always takes alarm. It can stand laws that are only foolish, but not those that are purposely confiscatory, destructive, and designed to divide the community into classes bitterly at war. Established business cannot, like a thief, take wings and fly to a safer location, but if attacked too sharply, and pressed too hard, it slows down initiative and enterprise, thus showing that a strain of that kind is too great to be borne by any one class in the community and must be spread over the whole.

## "FOLLOW THE BIRDS"

To the Editor:—I observe a letter in your issue of yesterday over the name of R. J. Williams making a positive statement as to the creator of the slogan, "Follow the Birds as Victoria," and crediting the conception to Joe North.

I have not yet ascended to the heights of attempting to find a slogan for "Ripple Rock," but in order to remove any misunderstanding or further doubt that may arise in the future, I now make the positive statement, without fear of any attempt by any individual, who has a grain of honesty in his conscience, to oppose it, that I, without help or suggestion from any other brain, created the slogan, and further that the original flying bird design was used with the slogan was produced at my direction from a sketch made by me. Ex-Mayor Pendray and other members of the old Victoria and Island Development Association can confirm.

these statements. As to Joe North: Joe has too much solid honesty in his make up to assume the credit handed him. I would suggest to Mr. Williams that he confine his personal publicity efforts to "Ripple Rock." It is as good a mark as any to shoot at when you are "shooting at the stars."

## NEW ZEALAND BUTTER

To the Editor:—Be my letter last week and Mr. Hastings' reply in our high protectionist paper. I don't go district visiting but I wish I had the time and money that I might help out a few people who are sadly in need of more of our expensive bread with a little of the good butter that is so available here. Daddy, Mr. H. writes about is probably driving a truck. If a person goes out, say ten miles, my friends asked me how I liked the butter and I said fine and was told it was a substitute at thirty cents per lb. Here we are not allowed substitutes by law, so if New Zealand butter is kept out I presume those who cannot afford to pay fifty to seventy cents a pound will have to eat dripping and then dripping will soon be forty cents a pound.

I have delved deeply for over fifty years into protection and I find that as one country lays one tariff brick, the other country puts on two until

## TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, June 26, 1905

When The Times goes to press the Fifth Regiment, reinforced by a detachment from the Work Point Garrison, and the Sixth Militia Corps of Vancouver, will be engaged in a sham battle conducted on a more extensive scale than ever in the history of British Columbia military organizations.

Weather Forecast—Victoria and Vicinity—Light easterly winds, continued unsettled and showery.

Still another manifestation of the C.P.R. Company's faith in the growth in the shipping interests of this and other ports on the British Columbia Coast, and that is strictly in accord with the heavy investments recently made on the Island, is to be found in the improvements announced for the steamer service of Victoria. The enormous expense to which the company went to within the last year or so in the construction of the Princess Victoria and Princess Beatrice and in the building of wharves, may not at yet have been justified by business results, but the future seems to offer inducements for the company, of which the most optimistic Victoria perhaps has not thought.

Victorians who attended Saturday's lacrosse match between Victoria and Vancouver in the expectation of seeing the local team's star in the ascendant, were very much disappointed. The Victoria boys went down to defeat by a score of 6 to 2.

The marriage of Mr. James H. Fletcher, of this city, to Miss Calhoun, is announced for to-morrow, to take place at Ladner, B.C., the home of the bride's sister. Miss Calhoun was formerly a nurse in the Jubilee Hospital, from which place she graduated, and is held in great esteem, having made a large circle of acquaintances in this city.

SERVICE AND SELECTION AT ALL CANADIAN MERCHANTS

I presume some day the wall will topple over. Presuming we buy 900 million dollars worth of goods from Uncle Sam and we go the tariff twenty-five per cent we shall still buy the same quantity but pay twenty-five per cent more for them. Our factories will see to that. It won't put any more in work but make it harder to live and twenty-five per cent into the wholesaler's hands, even the retailer will put another twenty-five per cent on his stock. So the bigger the price the less money people have to spend. When our city raises taxes the less the taxpayer has to spend on his home affairs. The ordinary person cannot earn more to pay, so something is done without and the factories have to cut down accordingly. Isn't that plain logic?

I am not an absolute free trader. I believe Lord Beaverbrook has the right idea, but I very much doubt if Canada will adopt it as Canada is a country in far away too Americanized. (Concluded on Page 14)

## CHIEF TOPIC IN U.S., SAYS DERBY, IS PROHIBITION

Liverpool, Eng., June 26—Lord Derby yesterday told the Liverpool Chamber of Commerce that his recent visit to the United States had dispelled many of "his illusions regarding the United States."

One of these, he said, was that the chief topic of discussion in the United States was money. "It was not, it was prohibition and how best to avoid it," Lord Derby said.

The second illusion to be dispelled, he said, was that he was going to be experienced nothing of the kind. "I found if you only treat them decently they will treat you the same. I have to look back upon my relations with the press in America in a most grateful manner."

The most valuable flower seed is that of the double petunia, which costs about \$1,500 a pound.

## TRUSTEES URGED TO SHOW PUBLIC SCHOOLS WORK

Victoria Exhibition Will Pay Half Cost of Display; Trustees Voice Objections

Restoration to the public of the opportunity to view, at the Willows Exhibition, the work being done in the Victoria Schools, was the subject of a strong appeal to the Victoria School Board yesterday evening. Aldermen H. O. Litchfield and E. S. Woodward, on behalf of the British Columbia Agricultural Association, asked the trustees to authorize preparation of a display of school children's work at the Victoria exhibition. The board agreed to discuss the matter in committee.

Several trustees expressed opposition to inclusion of school displays at the Willows. Complaint was made that in previous years insufficient prominence was accorded the schools' exhibit, that space allotted being too cramped and, in any event, expenditure of money for such purposes was illegal.

**GREAT OPPORTUNITY**  
"The Fall Fair offers a means by which the School Board can put before 50,000 people the work which is being done by the Victoria city schools," said Alderman Litchfield. The City Council felt that such a display by the schools would be to the advantage of the community. School displays would necessitate special provision in the plans for any building which might be used to accommodate such display. Two years ago the agricultural association had approached the school board, and had even gone so far as to make some changes in one of the buildings in order to accommodate the schools' exhibit, only to be disappointed.

This year they had available space in a building which would be occupied in part by a Dominion Experimental Farm display. If the school board did not want a schools' display, there would be no difficulty whatever in disposing of the space, for which there were already several applicants. The cost would be about \$150, and the Agricultural Fair Association would meet the board half way to secure the display.

Chairman George Jay stated that one of the difficulties in the past had been that the space allotted the schools at the fair had not been adequate or suitable.

Trustee Mearns said that, while he was entirely in sympathy with the idea personally, he was convinced that the school board had not the power to spend the money suggested. In support of this he quoted Section 87 of the School Act, under "Ordinary Expenses." The only other way to raise such money, consequently, would be under "Extraordinary Expenses," and under this clause also the thing was illegal, the estimates for the current year having not allowed for such expenditure.

Alderman Litchfield thought the School Board should hereafter include in its estimates a sum which would cover such an emergency. He thought in this instance that no citizen would raise an objection to such a small outlay in connection with a schools' exhibit at the fair.

Alderman Woodward thought the exhibit would do a great deal to overcome the public prejudice against technical schools, and would therefore, pay for itself as propaganda.

Trustee Beckwith, although in sympathy with the idea, thought August was an inopportune time for preparing a display, which would be creditable to the schools.

Inspector George Deane reported that the question of display and cost had been discussed by him with W. H. Binns, and that it had been agreed that a creditable showing could be made at the cost mentioned.

## Reporters Toil In Pitiless Sun Rays As Pigeons Return

For the hottest part of another summer several members of The Times editorial staff will be forced to work with the pitiless rays of a July and August sun pouring upon them through an unshaded window while the other reporters sit cool and comfortable by windows over which projecting awnings may be lowered.

The same pair of pigeons which for the last two years have chosen a sag in the awnings for a cosy, sheltered nest have returned. The soft cooling throughout the day indicates they are busy again with the business of raising a family. One year a reporter let down the awning and a pair of unfeathered baby pigeons crashed to a terrible death on the pavement four stories below. There was such outcry that no one dare repeat the deed, and the reporters near this particular window will be forced to endure the scorching July and August heat, incomprehensibly, but nursing the hope that the bees which choose the awnings at the other end of the office may return again this year to even the score with those now gloating over their discomfiture.

### SOAKING IN COLD WATER FIRST STEP IN REMOVING STAINS

Fruit stains arrive to harass the mother at about the time the clothes are comparatively free from cod liver oil stains. Fruit stains, grass stains, scorching and auto grease add their bit to make wash days blue for the housewife.  
It is well to treat all stains (no matter what their character) as soon as they are made. To allow them to dry and then to stuff the clothing in the hamper, to be dumped willy nilly into hot water, is to set the stains sometimes beyond repair.  
The government booklet on stains suggests that oil stains should first have as much of the oil scraped off as possible, then the spot treated with Fuller's earth, magnesia, blotting paper, or turpentine as a means of absorbing what remains. Wash in cold water and soap and finish in hot water and soap. For such persistent stains as oil, soaking in a strong solution of borax before washing, or in carbon tetrachloride will act as a solvent for the stain.  
**FRUIT STAINS**  
For all kinds of fruit stains one may first soak in cold water and then stretch the fabric over a bowl and pour boiling water through the stain from a height. This goes for berry stains and orange and lemon juice, fresh peach and so forth. Bleaching in the sun should remove further trace of it. Cocoa and coffee stains must always be soaked first in cold water and if

there were cream added to either, wash also in cold water and soap before putting them into the hot suds.  
In fact, most stains seem to be helped by being first soaked in cold water, and it is a harmless sort of procedure which one can always remember to do, and if the stain doesn't come out, at any rate there is no danger of it being "set" in the garment.  
Grass stains should be washed in soap and cold water and if they are still apparent they, too, can be soaked in borax water.  
**COMMERCIAL STAINS**  
There are commercial bleaches on the market that mothers have found to be very successful in removing stains and there are soaps made for that purpose too. These naturally make use of strong chemicals and it is advisable to use weak solutions of them always on white or colored garments. In the latter case, try a piece of the material in a place that won't be noticeable, before soaking the stain in the agent. Sometimes one would prefer a stain to a colorless portion of the material and in some cases too strong a bleach will eat away stain, material and all.  
Go carefully with bleaches. Make the solution weak, hold the spot over an empty bowl, drop a little of the bleach on the portion and rinse frequently with cold water. As soon as the spot disappears rinse well in cold water and wash in hot suds and rinse in plenty of water so that all the chemicals are rinsed from the material. If directions say to rinse in vinegar, don't fail to do this as it is an essential part of the procedure.

## FIGURES SHOW RADIO INCREASE

The increase in the number of radios in Canada is shown in Federal

figures just released showing the number of licenses issued this year. During the whole of the fiscal year, which ended last March 31, 423,357 licenses were given out. This year for the two months of April and May alone no less than 284,837 have been granted. British Columbia, with 23,324 licenses for these two months, ranks third province in the Dominion. Ontario with 148,802 being first, and Quebec with 55,147, second. In Victoria, the issue for April and May reached 3,585, which makes her the tenth city in Canada. Toronto's 44,767 places her first.  
These figures show that by the end of the current fiscal year the issue of radio licenses will probably more than double that of 1929-30.

## "Palmolive is the only soap which thoroughly cleans the skin and at the same time reveals natural loveliness"

says the celebrated  
**LEON DESFOSSÉ**  
—one of the best known of all Parisian beauty specialists

"I always advise my clients to wash their faces twice a day for two minutes with Palmolive Soap and warm water, making first a lather with both hands, then thoroughly rinsing with warm water and with cold, thus toning up the complexion."

265, RUE ST. HONORE, PARIS

And after 23,720 experts agree  
Desfosse is not alone in his opinion of the tonic effects of palm and olive oils. As a matter of fact, these beauty oils were used by Cleopatra. And, today, a tremendously impressive group of more than 23,720 beauty specialists—throughout the world—advise Palmolive Soap.

Beware of using crude soaps, soaps made of undesirable fats, soaps artificially colored or highly perfumed. They may be harmless. But to experiment is dangerous. Palmolive is made of the oils of palm and olive only. It is these oils which give it Nature's own green color. They make unnecessary the addition of heavy perfumes.

The skin must be thoroughly washed, but care taken to employ only the soap which gives the greatest benefits with the least inconvenience, the great Desfosse warns you. So many soaps are irritating. You should not experiment when it is so easy to buy Palmolive. Millions use it for the bath as well as the face.

Here is the recommended treatment: massage a smooth lather of Palmolive Soap gently into the skin. Rinse, first with warm water, then with cold. Now—and not before—you are ready for make-up.

You will find it safe, protective, bland and soothing. The world's great beauty experts advise it. Try Palmolive and you will understand why.

It is a map of such international professional importance who urges you to use Palmolive Soap... because of "a unique blending of the palm and olive oils it contains, agents which cleanse and soothe the complexion, and at the same time bring out natural color."

"My goodness," thought Mary, after Jim had "phoned" that he was bringing a special guest home for dinner, "I must think up a nice meal."

She covered the spaghetti with the crumbs and popped the dish into the oven. She let it bake for twenty minutes while she prepared the table. Then she took it out.

When you first taste Clark's Cooked Spaghetti you'll notice something... it's beside the sweet, tender spaghetti and the luscious tomato sauce... something that gives it a delicious tang, oh, that's it... a rich creamy cheese flavor! It's a flavor you won't find in any other brand.

## MALE CHOIR TO GIVE CONCERT

Will Appear at Parliament Buildings With Shrine Band Next Month

It has been announced that the Victoria Male Choir and the Shrine Band will give an open air concert at the Parliament Buildings on July 9 in aid of the Shrine. The two organizations will work together, and will be assisted by Mrs. Arthur Dowell as soloist.  
The Male Choir has just concluded a most successful season with its annual concert. The evening was largely of a social nature, but several entertaining musical items were given by various members of the choir. Songs were sung by Mrs. M. J. McInnes, Buckler and Haristrom, while Messrs. Macfarlane and R. Panthorpe sang a duet. Several humorous recitations by the Messrs. Hollins, Hardy and Smethurst were much enjoyed, while considerable interest was aroused by a quartette contest between four scratch groups who were so evenly matched that the judges were unable to arrive at a decision.  
Frank Tupman, the conductor, and Harry Hollins received presentations for their services during the year. Their season's reception was in appreciation of the time and energy he had expended in the interests of the organization during his term as president.

## Strawberry Vale

A pleasant evening was spent on Friday at the home of Mr. and Mrs. Butt, 1001 West Road, when Will and Eileen, who is leaving next week to make his home in New Westminster, was the guest of honor at a surprise party. Winners of the games and contests were Miss Jean Fryatt and William Ireland. The guests included: the Misses Grace Murray, Helen Cochrane, Phyllis Alexander, Jean Fryatt, Muriel Butt, William Ireland, Myron McNeil, Gordon Haines, Clara Butt, Fred Cochrane, Mr. and Mrs. Butt and Mr. and Mrs. Cochrane.  
Mrs. Hannah, who has been visiting her sisters, Miss Hanna and Miss Nancy Barr, Wilkes Road, returned to her home in Nanaimo on Sunday.  
Mr. Muriel Butt was hostess at a delightful party on Saturday afternoon, the occasion being her tenth birthday. The guests included: Myrtle Hodgson, Peggy Smith, Joyce Payer and Minnie Towell, Betty Hodgson.  
Mr. and Mrs. A. Butt and daughter Agnes, of Esquimalt, are visiting relatives in the district.  
Mr. and Mrs. Bradwell, who have been spending a few days as the guests of Rev. and Mrs. Cruikshank, Delmar Avenue, left on Tuesday for their home in Nanaimo.

The Young People's Club of the United Church met on Monday evening. The annual picnic will be held at Mt. Douglas park on July 26. A corn roast will be held in August. The church board was voted \$15. Douglas Dunlop, president, on behalf of the club, presented the Friends of the Club with a silver carving set, and expressed appreciation of the help given and personal interest taken in each member, together with regret at their departure. Mr. Ireland thanked the members and spoke of his pleasure in helping the club. It is being organized during his pastorate. Willing gift of an Eveready pen and Gordon Haines, who is also leaving, was presented with a book.

# Williams Flashes Tremendous Speed At Vancouver Police Meet

## THE SPORTS MIRROR

WHO is going to run a hundred yards in 9.5, and then in nine seconds flat? Somebody certainly will some time. Bernie Wefers's 100 in 9.5 thirty-four years ago was supposed to be unbeatable. Now any high school champion can just about run it in 9.5. When Arthur Duffy ran it in 9.8 few athletic experts thought the timing was right, but a lot of sprinters have gone as fast as that. Four other sprinters have run in 9.4 with favoring wind or starting blocks. And Wykoff, according to reports, has run twice within a month, in collegiate championship meets, in new world record time of 9.4, without favoring wind and without aid of starting blocks.

That isn't the limit. Some athlete always comes along who can run faster, jump higher, or throw weights farther than the record holder. It would not be surprising to see some new champion out that Wykoff record a tenth, perhaps two-tenths, within a year or two. Wykoff will stand a good chance of doing it himself in the 1932 Olympic games in Los Angeles. He'll be hunting them on the track and in the climate where his great speed was developed, so the Americans say, but he has yet to beat Percy Williams of Vancouver, who beat him at the Olympic games. Now they say Wykoff will not run in Vancouver on July 1. If Williams beat him again in slower time than what Wykoff has recently been credited with, it would not make his record look so impressive.

The Minto Cup, which years ago was emblematic of the professional lacrosse championship of the world, and which has reappeared since the years in the clubhouse of the New Westminster Lacrosse Club, its usefulness as a competitive trophy having apparently been served, is due for a re-entrance into the game. This time, if present plans materialize, it will be put up for competition between a representative team from the United States and one from Canada in the annual international tournament. Joe Lally, Cornell, was visiting down around Syracuse recently, and those interested in the game in this section, which is the lacrosse center of the United States, asked him to place a proposal before the bodies governing the sport in Canada to have such a series instituted.

The Minto Cup has traveled the width of Canada in its time, and New Westminster, being the holder of it, when professional lacrosse made its exit from the field of sport, have naturally held on to it. Last summer, when the annual meeting of the L.A. was held in New Westminster at the time the Dominion championship games were being played, the question of what should be done with the trophy was brought up. It was suggested at that meeting that the cup be brought into use again for international competition.

Out in Omaha, somebody told Joe Zaloudek about the English Derby. Joe was forty-four years old, a laborer and the father of four children. The stream of sudden riches captured the mind of Joe Zaloudek, so he took a flyer. And Joe was winner of \$24,000 in the Army and Navy sweepstakes in Quebec. He paid a dollar for the ticket.

Ever since, Joe Zaloudek has been hounded by salesmen, promoters, writers, tipsters, wise guys. But Joe is nobody's fool.

"They all can tell you how to spend it after you've got it," says Joe. "I know of those who have spent it to know how to get it when you haven't got it."

Joe Zaloudek is taking his winnings in a most philosophical way. He is going to take life easy—while it lasts.

William LeBlanc was hiking through the Canadian woods one day with a party of fishermen. One of the members told him about a bank clerk in Wales getting rich for a dollar. William inquired and found the man meant to buy a ticket this year in the sweep and on Derby Day was informed he was the winner of \$149,000. Reporters asked him what he meant to do with his new-found riches.

"I think I go feesh," was the reply of William LeBlanc.

A guy like that could catch a twenty-seven pound trout in a rain-barrel.

Last year Arthur Court, Indiana farmer, took down \$84,750 on Trigo. Arthur at once started to bustle around. He bought a mine or two out of which came much rich black dirt. He set up an elaborate gas station, barbeque and dance pavilion, near Indianapolis. In less than a year, most of the money was gone. Of course he still had the filling station, barbeque and dance hall. Every now and then somebody drives up for five gallons of gas, a pork sandwich or a dance.

The point is, the status of these three men has not been changed. One is still a laborer, another is a fisherman, another is a farmer. And still years from now they probably still will be buying tickets in the English Derby, and will be a little disappointed if they never win again.

## OUR MAIL BAG

SOCCER CONTROL

To the Editor:—The idea of "soccer government" by a commission of three with a paid secretary is by no means new.

Some years ago when the writer was a member of the Lower Island Football Association Council we tried our best to introduce the system, but were roughly treated.

A few months ago articles were printed which gave actual figures showing exactly how many down men and women were needed to "govern" soccer in this district.

Let us hope that now that the "clubs" meaning the managers, are going to discuss this matter, that they will be guided by reason and no longer swayed by jealousy.

Olympic Champion Sets Mark of 9 and 3-5 seconds At Vancouver Police Sports; Driving Finish Carries Percy To Victory; Geo. Simpson's Coach Impressed By Showing of Mainland Youth; Chief John Cameron Again Winner of Aggregate Honors; Vancouver Police Relay Team Sets Up Record.

Vancouver, June 26.—With Percy Williams billed as the star attraction, it was not surprising that the annual police sports attracted a record crowd at Brockton Point Wednesday afternoon.

Williams shared honors with Chief John Cameron of New Westminster, the former winning the 100-yard handicap from a class of youngsters in the wonderful time of nine and three-fifths seconds—the best ever made at Brockton Point, while Cameron again carried off the handsome Joe Morris' Aggregate medal for the all-round police championship, with five firsts, a second and a third, with a total of 15 points, against A. R. Stewart of Vancouver who had 12 points, gained largely on the track. D. W. Shearer of Vancouver was next with 7 points. V.A.C. athletes made almost a clean sweep in the open track events.

Bats Out 234 as Surrey Scores 565 in Match With Cambridge University

Somerset Collapses Against Yorkshire; Other Good Individual Performances

London, June 26.—High scoring marked the cricket match between Surrey and Cambridge University at the Kennington Oval. The county compiled a total of 565 runs in its first innings, of which shepherd made 234. Minus its captain and great bowler, J. C. White, who may play in the second test match, Somerset collapsed badly against Yorkshire, being dismissed for 43. First-day scores in English cricket matches were:

Yorkshire vs. Somerset, at Bradford: Yorkshire, 186 (Dennis, 52; Young, six wickets for 64 runs); Somerset, 43 (Bones, four wickets for 27 runs; Macaulay, two wickets for 5 runs; Rhodes, two wickets for 2 runs).  
Leicestershire vs. Derbyshire, at Leicester: Derbyshire, 324 for six wickets (Jackson, 94; Townsend, 95).  
Warwickshire vs. Kent, at Birmingham: Warwickshire, 205 (Wyatt, 117; Freeman, five wickets for 82 runs); Kent, 3 runs for no wicket.  
Middlesex vs. Gloucestershire, at Cheltenham: Middlesex, 194 (Parker, eight wickets for 40 runs); Gloucestershire, 200 for five wickets.  
Essex vs. Hampshire, at Chelmsford: Essex, 288 (Kennedy, five wickets for 64 runs; Boyes, five wickets for 85 runs); Hampshire, 25 runs for five wickets.  
Worcestershire vs. Lancashire, at Worcester: Worcestershire, 248 for eight wickets (Gibbons, 91).  
Nottinghamshire vs. Oxford University, at Nottingham: Nottingham, 216 (Walker, 100; Dennis, 50; Presley, four wickets for 62 runs); Oxford, 170 for one wicket (A. M. Crawley, 67; Moore, 60, not out).  
Gloucestershire vs. Sussex, at Brighton: Gloucestershire, 251 (Davies, 87); Sussex, 101 for one wicket.

## RALLY GIVES JOKERS WIN OVER EAGLES

Score Six Runs in Eighth Inning to Win Senior League Ball Game 10-7

Scoring six runs in the eighth inning after being on the short end of a 7-4 score, Jokers handed the Eagles a 10-7 setback in the Senior Amateur League ball game at the Royal Athletic Park yesterday evening. The Jokers, by their victory, retained their position, two games behind the Reds, who are in second position, one game behind the league leaders.

After traveling along nicely for seven innings, Dan Lidstone on the mound for the Eagles weakened and the Jokers collected four hits, which, combined with a couple of errors, brought them six runs. Jokers got away to a three-run lead in the first inning, but the Eagles came back strong in the second to shove five runners across the plate. The Jokers added one more in the third, while the Eagles scored one counter in sixth and seventh. However, in the eighth the Jokers sewed up the game.

Strickling on the mound for the Jokers allowed ten hits, while he struck out ten. Lidstone was touched up for eleven hits, while he struck out six. Elmer Smith of the Jokers led the hitters with three out of four.

## Rosenbloom Is New Light-heavy Champ After Close Battle

New Yorker Wins Title From Jimmy Slattery, Pride of Buffalo, After Both Fighters Absorb Plenty of Punishment; Rosenbloom Receives Verdict of Two Judges After Referee Had Cast Vote In Favor of Former Champion; No Knockouts Seen Although Terrific Punches Stagger Both Fighters.

By EDWARD J. NEIL  
Associated Press Sports Writer.

Buffalo, N.Y., June 26.—Slapsie Maxey Rosenbloom of New York, stood forth today as new champion of the light-heavyweights, conqueror of the only man who ever consistently gave him trouble during his amazing fighting career in three divisions.

Maxie has whipped the best middleweights, some heavyweights, and now he has accounted for the last of the 175-pound top lighters who had held out against his discouraging pug attack. Yesterday evening Rosenbloom whipped Jimmy Slattery before a crowd of 13,500 in the International League Ball Park here, and with victory came the only championship he has ever fought for in ten years of battling outstanding ring men.

Five times before, the team of Slattery and Rosenbloom have been the feature attraction along various by-paths of ringland and in four of the engagements Jimmy, pride of Buffalo's first ward, gained victories.

Maxie won only one. Of all the men he has beaten, including Leo Lomaki, Ace Hudkins, Jimmy Braddock, Dave Shadle, Larry Johnson and Pete Laska, only Slattery was able to come back and defeat him consistently.

But yesterday evening, before \$35,000 worth of customers Rosenbloom gained his revenge by winning the title Slattery has held since last February, when he defeated Lou Soosza here and gained general recognition as the successor to Tommy Loughran, retired from the 175-pound ranks to fight with little success against the heavyweights.

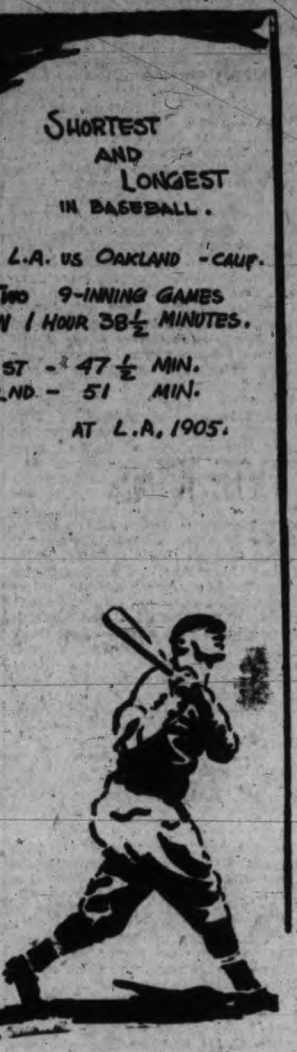

The decision was close, gained by the award of two judges over Referee Percy Haley's ballot for Slattery. A majority of critics gave Rosenbloom eight rounds, Slattery five, with two even.

There were no knockouts, although Slattery was staggered momentarily in the second, and Rosenbloom was a bit wobbly from right to the chin in the ninth, Slattery's best round.

Both were marked about the face, Rosenbloom with a bruise on his left cheek and a cut on the bridge of his nose, while Jimmy's lips were swollen and cut and his eyebrows swollen.

Maxie weighed 174½ to Slattery's 169½.

## Campbell Surprises With Three-set Win Over "Bud" Hocking

Scores Second Upset In Two Days To Win Way Into Final of Open Singles at Victoria Tennis Club Tourney By 6-1, 3-6, 7-5 Victory; Doreen Swayne Downs Mona Miller, and Marsh Gordon Defeats Lionel Backler.

Don Campbell advanced a step closer to the Victoria Lawn Tennis Club's singles championship yesterday by defeating Ross Hocking, city champion, in three sets, in a remarkable come-back that saw him on the verge of defeat on occasions when Hocking had only one point to win for the match. He is now in the finals and will meet the winner of the Gordon-Edward's match.

The courts dried by mid afternoon and permitted eleven matches to be played which materially helped the tournament committee which is striving to get through to hold all the finals on Saturday afternoon. The tournament is the largest and most successful the club has ever staged and the winners of the respective events will deserve the honors as competition is keener this year than ever before.

The Campbell-Hocking match was watched by a large gallery and after Campbell took the first set decisively at 6-1 the group grew to a crowd. Campbell playing a steady game from the baseline was able to cope with Hocking's shots and added enough punch to force Hocking into error.

In the second set Hocking started fast and took to the net on every shot and although he had the advantage of position, Campbell was able to get back his shots but Hocking smashed and volleyed accurately to win at 6-3 after leading 4-2.

GREAT COMEBACK  
Hocking continued his net-rushing time in the third set and though the first three games were well contested, they went to the loser. Campbell tied the score at 3-3 but Hocking won the seventh and eighth games and seemed to have the match won. Leading at 5-3 on Campbell's service he played safe and did not go into the net as he had done throughout the previous two sets and again Campbell had the edge. Campbell went into a hole on four occasions on the ninth game when Hocking got the advantage but in each case he pulled out safely. Hocking fell on one match point on a shot that he didn't have to move for and the advantage was lost. On the other three occasions Campbell kept Hocking running and forced him to overdrive and finally won the game when Hocking drove into the net. Campbell did not have much opposition once the score was tied at 5-3 and won the next games to win the match. The scores were 6-1, 3-6, 7-5.

Doreen Swayne advanced to the semifinals of the women's open championship by defeating Mona Miller in straight sets at 6-3, 6-3. Miss Swayne got good length and pace which bothered her opponent who was handicapped by a bad foot.

Marsh Gordon survived a stiff hurdle by downing Lionel Backler in straight sets. Backler was on the heavy end of a good handicap and Gordon had to concede three and four points a game in order to win. Gordon played a steady game. The scores were 6-3, 6-4.

Reg. Corfield and John Edwards overcame stiff opposition in the men's handicap doubles when they eliminated Steve Jones and Tim Martin who had the advantage of one and one-half points a game. Corfield and Edwards won the first set at 6-2, but were extended to 2-7 in order to take the second.

HANDICAP GIVES EDGE  
One of the heaviest handicapped women's doubles pairs passed out of the competition when the Misses Ritchie defeated Miss Edwards and winners after losing the first set were four points on alternating games. The winners after losing the first set were very steady and with their handicap had the edge. The scores were 3-4, 6-4, 6-3.

In the veterans singles H. G. Garrett and W. H. Kirkbride advanced without much trouble but H. G. Hills was forced to three sets to win from J. H. Delves who put up stiff opposition. The scores were 2-6, 6-3, 6-6.

There are about fifteen matches due for decision today and most of them are semi-finals and have vital bearing on the finals for Saturday. Edwards and Marsh Gordon meet in the feature match today while Mary Campbell meets Mrs. John Edward in another semi-final.

## McDUFFER OF THE MINSAPAT GOLF CLUB

By BERT FAYNE  
Bellingham, Wash., June 26.—Washington state open golf tournament here July 28 and 29 will look like a renewal of the Pacific Northwest Golf Association's open meet in Vancouver last June 13 and 14, which incidentally was won by Bert Wilde, Bellingham professional.

On the basis of information received by Wilde, virtually the same golfers who participated in the Vancouver show will vie for honors at the Bellingham Golf and Country Club.

McL Smith and Neil Christian are expected from Portland, Dunstan Butterland and Dave Black from Vancouver, Phil Taylor from Victoria, Willie Price from Bremerton, Jack Martin from Everett and Walter Pursey, Johnny Jones and Frank Rodie from Seattle.

The Washington state amateur tournament will follow the open meet, being held July 30 to August 2.

"Ike Smith is still brooding over the big tragedy that happened five years ago. In the summer of '25, Ike made a hole in one while playing alone, with not even a caddy to prove it by."

Last year Miss Leeming was ranked number one in British Columbia. She is a member of the Victoria Lawn Tennis Club.

## SPORT FISHING OUTLOOK GOOD

Good Results Obtained From Stocking B.C. Streams and Lakes

Major J. A. Motherwell, chief supervisor of fisheries recently returned to the Vancouver office of the Dominion Department of Fisheries after a three-week trip by motor, covering the interior of the Province from Penticton north to Hazelton.

The object of the trip was the usual inspection of sport fish conditions and sport fish hatchery operations in the interior. Arrangements were made at the same time for obtaining the best possible information with regard to spawning conditions of salmon in the Fraser River watershed and the headwaters of the Skeena, River system.

It is found that sport fishing generally is an attraction and that anglers are very appreciative of the efforts which are made each year by the department in the way of stocking streams and lakes. Results obtained in recent years particularly have been very gratifying.

Four years ago the department commenced planting sockeye eggs in the Francois Lake area, southwest of Prince George, which at one time was a prolific producer of this valuable species. As the sockeye is a four-year fish, this fall they should return to Francois Lake if the planting operations have been successful. Arrangements have been made to the end that all information possible may be obtained by means of local fisheries officers and others interested.

## Ruth Eight Days Ahead of Record Schedule in 1927

Chicago, June 26.—Babe Ruth's home run, homer, 10-day, disclosed the big hunk was exactly eight days and two homers ahead of his record breaking schedule of 1927.

He hit two circuit smashes yesterday to give him a season's total of 26. In 1927, he did not make his twenty-sixth until July 3. On June 1927 he had only 24 or two less than his present crop.

Back Wilson of the Cubs and Walter Berger of the Boston Braves are four blows behind Ruth's record-breaking pace and two behind Ruth's 1927 schedule. Back came close yesterday against Philadelphia but didn't succeed, while Berger was idle.

## D. FVIE WINS MIDWEEK SHOOT

Scores 97 to Lead Sgt. Ashe By Two Points; Poor Weather Handicaps Marksmen

Poor weather conditions again handicapped the marksmen at the British range yesterday and the majority of the scores were lower than usual. Shooting at the 300 and 500 yard distances, Lieut. D. Fyvie headed the field with a steady 97, two more than the total of Sgt. A. E. Ashe.

Arrangements have been made for a shoot next Saturday for those who are not able to attend camp. Shooting will be done at the 200, 300 and 500 yard distances. Those having cars are asked to pick up the markers at the Bank of Nova Scotia at 1.10 p.m.

## Max Baer Scores One More Knockout

Oakland, Cal., June 26.—Max Baer, most brilliant heavyweight prospect seen in northern California since Jack Dempsey was getting his start in 1917, added Ernie Owens to his long knockout string when he kayaked the Los Angeles boy in the fifth round of their ten-round bout at Oakland Auditorium. Baer floored Owens five times. Barely able to stagger out in the fifth, Owens dropped under Baer's first rush. He came up groggy and Baer finished him with a right to the jaw.

Baer weighed 192 and Owens 181 pounds. Apparently, the knockout fever was in the air, all four preliminaries ending in that manner.

## Our National Sport

By JIMMY THOMPSON

THE HEAD-GEAR AS IT WAS WORN BY THE AMERICAN ALL-STAR LACROSSE TEAM IN THEIR RECENT INTERNATIONAL GAMES IS THE SUBJECT OF NO LITTLE COMMENT AMONG THE CRITICS

Canadian lacrosse circles suffered a rude awakening, a waking up that may again revive the interest in the game and restore it to its rightful position in Canadian sports. Recently the Ottawa Canadian champions met an all-star team from over the line and in the first encounter these American college all-stars kicked the dope bucket all over the Ottawa boys. Lacrosse is our national sport and we naturally guard it with a jealous mind not only in the East but also in Western Canada. Not only have our American cousins adopted the game but they have added many improvements to the play and the style of sticks there was a certain amount of ridicule from the old veterans of the game, but before the contest was over more than one had changed his mind. Even though the Canadians won the round by 11 to 10 the score shows just about how far these college athletes are behind us in the game. The All-Americans left a great impression behind them and they made it evident that Canada will have her troubles in defending the international title in the United States next year. Or in other words somebody in the lacrosse circles had better get smart and keep smart or we are going to have our thunder stolen right from under our noses.

Senators held on to second place by beating the Cleveland Indians for the fourth successive time. Philadelphia Athletics got only an even break with the Chicago White Sox, romping through the first game to an 8 to 1 triumph and losing the second 7 to 2.

Jack Russell of the Boston Red Sox had just one bad inning against Detroit, but that was enough to give the Tigers the game, 4 to 3.

## British Pro Wins French Open Golf Title

Dieppe, France, June 26.—Ernest Whitcombe, English professional, won the French open golf championship yesterday on the Dieppe course, with a card of 282 over seventy-two holes. Two Americans participated, Alaric De Forest and H. Brower. De Forest's card of 300 was the best among the amateurs.

## Kilmarnock Drop First Match In Canada to Ulster

Toronto, June 26.—Without several of their regular players, Kilmarnock, touring Scottish soccer team, met their first defeat in Canada yesterday evening by Ulster United, National League team, by the odd goal in seven. The Scottish team recently lost two games in the United States. On their previous meeting with Ulster a few weeks ago, the game resulted in a draw, each side scoring one goal.

## Max Schmeling To Sail For Germany

New York, June 26.—Max Schmeling, heavyweight boxing champion, left for Germany yesterday afternoon on the ship "Hamburg". He is expected to return to Germany on Saturday. Schmeling said urgent business in Germany required his presence there.

## John Edwards And Ross Hocking Will Play at Portland

John Edwards and "Bud" Hocking will be the Victoria representatives at the Oregon state tennis championships which start at Portland on Saturday. The two local cracker will leave for the Rose City after the night of the Victoria tennis club tourney on Saturday afternoon. They will play their first matches on Monday morning. Both intend to play in the singles event while they will pair up in the men's doubles.

There will be few entries from any of the northwest cities in the championships this year, according to the latest advice from Portland, but four Californians, Ray Casey, Bradshaw Harrison, Bob Hoogs and Joe Coughlin, will be on hand and will undoubtedly be favored to reach the semi-finals.

## Enterprise Wins Third Straight For Cup Yachts

Newport, R.I., June 26.—Enterprise, smallest of the fleet, but the greatest sail carrier, yesterday won her third straight victory by taking the concluding race of the Eastern Yacht Club series of here, between the four America's Cup defence candidates and two cup boats of a decade ago. With her victory went a cup valued at \$1,000 which was donated by Charles F. Currier of Boston. She was sailed by Harold S. Vanderbilt, Yankee, of Boston, the only non-New York contender, skippered by Charles Francis Adams, Secretary of the Navy, finished third yesterday, but she scored enough points in the series to give her second place and a trophy furnished by Seth M. Miliken, of Philadelphia.

## Brooklyn Robins And Cubs Open Crucial Series

Four-game Series Will Probably Decide Team Which will Be Out In Front On July 4, Traditional Turning Point of Season; Brooklyn Slipped Yesterday, Losing To Pittsburgh; Hartnett's Two Home Runs Give Cubs Win Over Philadelphia; Ruh Clouts Pair of Homers As Yankees Win Two.

Brooklyn Robins, current leaders of the National League, and Chicago Cubs, who won the championship last year, are all set for what may be the most important series of the first half of the National League campaign. Separated by only one game in the standing, the Robins and Cubs open in Chicago to-day for a series of four games which probably will decide which will reach July 4, the traditional turning point of the season, on top.

Robins had a little sliding yesterday as they lost their final game before invading Wrigley Field, to the Pittsburgh Pirates, 5 to 1, remaining but one game ahead of the Cubs.

The Robins could not hit the offerings of Ray Kremer, getting but seven hits in five games behind the Cubs, by winning the series final 1 to 3.

The Cubs hit Philadelphia pitching much more freely, but still barely pulled out the game by 13 to 12 to score their eighth victory in their last nine starts. Gabby Hartnett drove in the winning run in the ninth.

**GIANTS SLIP BACK**  
Cincinnati Reds showed the New York Giants deeper into third place, five games behind the Cubs, by winning the series final 1 to 3.

Babe Ruth hit two wallop of his favorite kind to lead the New York Yankees to a double victory over the St. Louis Browns. Ruth hit his twenty-fifth and twenty-sixth home runs in the second game, heading an attack that resulted in a 19 to 4 triumph after the Yankees had edged out a 5 to 4 victory in the opener. Yanks are third, two games behind the league-leading Philadelphia Athletics.

**AMERICAN LEAGUE**  
New York, June 26.—The Yankees took both games of their third double-header of this week from the St. Louis Browns by scores of 3-4 and 16-4. The Yanks made five home runs in the second, including Babe Ruth's twenty-first and twenty-sixth of the season. First game—R. H. E. New York..... 3 10 0 St. Louis..... 4 11 1 Second game—R. H. E. New York..... 16 10 0 St. Louis..... 4 11 1

**BATTERIES**—Stewart and Ferrell; Wells and Hargrave.

Second game—R. H. E. St. Louis..... 4 10 2 New York..... 16 10 1

**BATTERIES**—Blacholder, Holshausen and Manion; Ruffing and Dickey, Bengough.

**INTERNATIONAL LEAGUE**  
Newark 5-5, Montreal 2-7, Baltimore 3, Toronto 1, Rochester 9, Jersey City 8 (Ten innings), Buffalo 6, Reading 4.

## ST. MARGARET'S GIRLS PASS IN LIFESAVING

Many Girls Successful in Four  
Life Tests of Royal Society

Margot Robertson Wins Cup  
For Best All-round Swimmer  
in the School

Following a series of examinations held recently the Royal Life-saving Society has announced the number of successful pupils from St. Margaret's School in the four grades of swimming proficiency attempted by the school. This year's students, instructed by Miss Bird, were the most outstanding to ever attempt the exams in the history of the society.

The examinations were conducted by J. D. McNeil, Hon. Secretary-Treasurer of the Royal Life-saving Society, and E. H. Ellison. All the girls combined good swimming ability with sound life-saving principles and great credit is due the executives of the school and especially Miss Bird for the performance.

### IN BEST PERFORMER

Margot Robertson won the cup for the best all-round swimmer and lifesaver in the school. She holds the gold diploma of the Royal Life-saving Society.

Those successful in the various grades follow:

## EARLY ENTRIES FOR FALL FAIR

New Competitors Will Seek  
Honors in Cattle Section  
This Year

With cattle breeders who before have not included the Northwest circuit in their show dates doing so this year and virtually all of those who competed in former years returning, Secretary W. H. Mearns, at this early date, is able to forecast that the cattle show at the Provincial Exhibition will be greater than last year.

Although entries do not close until August 8, for the exhibition which opens at the Williams, August 18, many entries have already been received from entry blanks which Mr. Mearns has mailed to well known breeders.

Among the new competitors this year will be Congdon & Battles, of Yakima, Wash., famous breeders of Aberdeen Angus beef cattle, who in several entry blanks forwarded to them have written for more, stating that they plan to make an ambitious bid for honors at the Victoria Fair. Frank P. Pettibone & Sons, Incorporated, breeders of Fanebo Holstein Cattle in Whittier, will take in the Northwest circuit for the first time this summer and will include Victoria. The increasing recognition of the Victoria Fair as among the outstanding fairs in Canada provides considerable satisfaction to the management of the British Columbia Agricultural Association, which has worked strenuously for years to this end.

Manufacturers of British Columbia, the Pacific Coast and the whole of Canada, will again seize the opportunity to show their goods, where they will be seen by thousands during the week. Changes and improvements in the buildings in recent years have provided more floor space, but again the demand is greater than the supply of late applicants will be disappointed.

## ICELAND GREETED KING CHRISTIAN

Reykjavik, Iceland, June 26.—King Christian of Denmark, who also is King of the Icelanders, arrived here yesterday to participate in the one thousandth anniversary of the Icelandic Parliament, the oldest legislative body in the world.

The king was greeted with the thunder of guns and with cheers. Thousands of visitors joined in the festivity.

Crown Prince Gustavus Adolphus of Sweden disembarked after King Christian from a Swedish cruiser and after him came the Norwegian King, Haakon VII, who was accompanied by the Queen, Maud, and the Crown Prince, who had hoped to come, was unable to leave Oslo because of the delicate condition of the health of the crown prince.

## U.S. FARM BOARD URGED TO BUY LARGE SUPPLY

Topoka, Kans., June 26.—Asserting that Kansas, the country's largest wheat producing state, is facing a catastrophe because of an unduly depressed wheat price, Governor Clyde M. Reed yesterday suggested the Federal Farm Board enter the market and purchase an additional 25,000,000 bushels of wheat this season.

## AT THE THEATRES

### ARLISS CAST AS CRUEL RAJAH OF NORTHERN INDIA

Put yourself in her place. No longer in love with her husband. Very much in love with another man. Wrecked with them both in a little known part of Northern India where they are made prisoners by a native Rajah.

Desired by the Rajah as a wife and promised life for her children and the life of the man she loves if she will agree to the Rajah's proposal.

Tormented by these conflicting emotions, what would you do? These are some of the problems that confront the heroine in the spectacular Warner Bros. and Vitaphone melodrama, "The Green Goddess," playing now at the Dominion Theatre with George Arliss playing the role of the tantalizing Rajah who holds so many lives in his hand, with Alice Joyce as the lady who must decide, with H. B. Warner as the husband and Ralph Forbes as the "other man."

### Where To Go To-night

As Advertised

THE SCREEN

Capitol—John Boles in "Captain of the Guard."

Coliseum—"Children of Pleasure," starring Lawrence Gray.

Columbia—Ted Lewis in "Is Everybody Happy?"

Dominion—George Arliss in "The Green Goddess."

Playhouse—"Murder on the Roof," featuring Dorothy Revier.

Crystal Garden—Swimming and Dancing.

### CALIFORNIA HAS BEAUTIFUL GIRLS, SAYS SAMMY LEE

Sammy Lee, one of the most popular and proficient dance ensemble experts ever to emanate from Broadway, is a native New Yorker, and has staged the dances for more than sixty Broadway musical shows in the past seven years. However, since coaching the steppers in "The Hollywood Revue," Lee has been "sold" Metro-Goldwyn-Mayer, his latest work in connection with "Children of Pleasure," now at the Coliseum Theatre.

When asked recently what he thought of revue work in pictures, Lee smilingly declared that California need never be ashamed of its pulchritude in comparison with Broadway.

### TALKING PICTURE WITH TED LEWIS AT THE COLUMBIA

Take a few lessons on a piccolo, and you can play any instrument made! This, at least, is the experience of Ted Lewis, the famous "high-hatted tragedian of jazz." And he took the piccolo lessons when he was nine years old. Young Ted was at that time a member of a boy's band in his native town of Circleville, Ohio.

In "Is Everybody Happy?" the Warner Bros. and Vitaphone production now playing at the Columbia Theatre, Lewis sings four songs in his own inimitable manner, and also plays on clarinet, violin and saxophone.

### MUSIC FEATURES STIRRING STORY

Laura La Plante, who is co-starred with John Boles, "the golden voice of the screen" in Universal's majestic all-sound epic of the French Revolution, "Captain of the Guard," which is now playing at the Capitol Theatre, proved herself a great dramatic actress as "Magnolia" in "Show Boat," thus winning the right to her present role as the flaming girl-leader of the revolution known as "The Torch." This romantic screen spectacle was directed by John Robertson, with Barn de Grass, James Marcus, Lionel Belmore, Stuart Holman, Evelyn Hall, Claude Fleming, George Hackathorne, and others among the supporting cast.

### SCREEN DIRECTOR WALKS IN SLEEP

In between scenes, while working on "Murder on the Roof," the Columbia all-talking production now playing at Playhouse Theatre, George B. Seitz, the director, had a habit of walking about in deep contemplation. He appeared in a trance, apparently seeing and hearing nothing. In that mood he was reminiscent of Lady Macbeth in her sleep walking scenes.

Pressed for the cause of this habit, Seitz revealed that after he had shot a scene, he would walk about that he might more easily review mentally what he had just seen and heard.

## The Sun Never Sets on Crane Service

The sentence which tells the far-flung frontiers of the British Empire could be applied with equal truth to the Crane Limited Service organization.

For from the parent office have sprung one by one, branches and sales offices which now blanket the world. In Canada, the United States, Great Britain, France, Belgium, India, Ceylon, Crane materials have won an enviable reputation for quality.

Every plumbing and heating and piping need for the most modest or the most elaborate building, every valve and fitting and steam specialty and fabricated piping requirement for all industries, can be filled through Crane general offices in Montreal. Or through branches in Windsor, London, Hamilton, Toronto, and Ottawa, in Ontario; Quebec and Sherbrooke in Quebec; Halifax in Nova Scotia; Winnipeg in Manitoba; Regina and Saskatoon in Saskatchewan; Calgary and Edmonton in Alberta; Vancouver and Victoria in British Columbia.

The Montreal, Ottawa, and Victoria offices have completely equipped Exhibit Rooms in connection, where the latest improvements in fixtures, valves, fittings, and water appliances can be seen.

These Branches and Exhibit Rooms are not alone concerned with sales. They are operated to supply you with knowledge of plumbing, heating, and piping developments; to make selection easier and more satisfactory; to speed deliveries.

If you are builder, architect, contractor, engineer, corporation president, or simply one of the interested public your inquiries and visits are welcomed.

Have you enquired about the CRANE BUDGET PLAN, spreading payments over a period of months?

## BRIM FULL OF HEALTH ... and ENERGY

## FOUREX - DAIRY - BREAD

THERE'S Health... radiant, joyous Health and Energy in every slice of 4X Dairy Bread, for this better loaf is made with MILK for the entire wetting of the dough. This adds to the food value of good bread those valuable milk minerals, milk proteins and milk sugars which doctors agree are so essential for the healthy development of bones, teeth and muscle, and the creation of energy without excessive fat. And Milk does more than improve the food value of your bread... it gives it a flavor never possible before, keeps it fresh and moist in warm weather, and adds to its toasting qualities. Dairy Bread costs the same as its ordinary white loaf. Order one tomorrow and find the difference for yourself.
